Education

Banasthali Vidyapith

Expected May 2026

Bachelor of Technology in Computer Science

Tonk, Rajasthan

- **Relevant Coursework:** Data Structures and Algorithms, C, C++, Java, Database Management System (MySQL), Discrete Mathematics, Object-Oriented Programming, Software Engineering, Operating Systems

Projects

Leave Management System (Ongoing) | Java, Python, MySQL

- Working on a leave application and tracking system with role-based workflows for students, guardians, and staff. Focused on implementing secure document handling and efficient approval processes. .

Torch Reader | HTML, CSS, JavaScript, Python (Flask)

- Developed a web-based PDF reader application that extracts text from PDFs and dynamically displays it in a spotlight effect, mimicking a torchlight movement synchronized with the cursor. .

AI Resume Analyzer | Python, spaCy (NLP), Streamlit

- Developed and deployed an AI-powered Resume Analyzer using Python, NLP (spaCy), Streamlit, and GitHub, enabling automated skill extraction, job matching, and missing skill identification.

Certifications

Web Development

Banasthali Vidyapith

- Web development certificate course (HTML, CSS, JavaScript)

Achievements

Hackathon

Oct 2022

VC Innovation Challenge by Reskill

Banasthali Vidyapith

- One of the top 10 teams in the Reskill Hackathon
- Worked on a web application regarding the traffic management system.

Experience

Open Source Contribution

GitHub

- Contributed to open-source on GitHub, fixing and adding features

Freelance Software Engineer

Self-Employed

- Completed freelance projects on platforms like Upwork, Fiverr, or direct clients.
- Designed responsive websites and web apps for businesses using HTML, CSS, JavaScript, React, etc.

Technical Skills

Languages: C, C++, Java, Python, HTML, CSS, JavaScript, MySQL

Concepts: Data Structure and Algorithm, Object-Oriented Programming, Operating System, Database Management, Debugging, File Handling, Software engineering, Web development

Soft Skills

Interpersonal skills, Communication, Teamwork, Problem Solving, Leadership, Creativity, Adaptability, Patience, Presentation
